Responsive to Restriction Requirement dated January 18, 2007

REMARKS

In the Restriction Requirement dated January 18, 2007, the Examiner required a restriction under 35 U.S.C. §121 between what was characterized as the following patentably distinct groups of claims:

- I. Claims 1-31;
- II. Claims 32-34; and
- III. Claims 35-37.

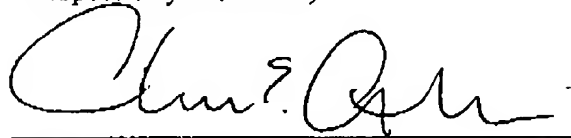

In order to comply with 37 C.F.R. §1.143, Applicants hereby elect Group I, claims 1-31, which the Examiner characterizes as being drawn to a system and method for entering into foreign exchange transactions to prosecute in this application. Applicants' election is made without prejudice and should not be construed as an admission that the Groups have been properly defined. Applicants respectfully reserve the right to file later divisional applications directed to the claims not elected.

Applicants respectfully submit that all outstanding requirements have been addressed and are now either overcome or moot. Favorable consideration and prompt allowance of this application is respectfully requested. In the event that there are any questions, or should additional information be required, please do not hesitate to contact Applicants' attorney at the number listed below.
